

Florence, Oct. 7, 1999

TO: ALL UEMO HEADS OF DELEGATION
FROM: UEMO TREASURY
RE: UEMO 1999 MEMBER CONTRIBUTION

In response to our letter to all the delegations, in which payment was requested for the official shares for 1999, as we imagined, we received many objections to the amounts requested. In fact, I received several complaints, and everyone would like to pay less. Although I am well aware of the difficulties involved in resolving this matter, it will be brought to the attention of the Plenum at the Slovenia meeting, where I will provide you with sufficient material for the discussion and eventual proposal for a solution.

In an attempt to update my information concerning this problem as well as to achieve the maximum criteria of equality in the subdivision of the expenses, it would be very useful to acquire the following information immediately by e-mail (uemo@dada.it):

- 1) Population of the member country as of 31/12/98;
- 2) Number of general practitioners practicing in the country;
- 3) Number of physicians enrolled in the respective associations which adhere to UEMO;
- 4) Average income of general practitioners in each member country;
- 5) Annual contribution paid by the general practitioner to their respective association.
- 6) Request Translation: Active yes / no Passive: yes / no

The above requested data will be processed for discussion at the next Plenum. We therefore urge you to provide us with the same via e-mail **A.S.A.P.**, as time is of the essence!

Thanking you in advance for your prompt assistance in the above matter, I send my best regards.

Respectfully yours,

Giovanni Bezzi
UEMO Treasurer
